The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. Please read the FEHB Plan brochure (RI 71-005) that contains the complete terms of this plan. **All benefits are subject to the definitions, limitations, and exclusions set forth in the FEHB Plan brochure**. Benefits may vary if you have other coverage, such as Medicare. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can get the FEHB Plan brochure at fepblue.org/brochure, and view the Glossary at www.opm.gov/healthcare-insurance/insurance-glossary/. You can call 1-800-411-2583 to request a copy of either document.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	$0	See the Common Medical Events chart below for your costs for services this plan covers.
Are there services covered before you meet your deductible?	Yes. There's no deductible for covered services.	This plan does not have a deductible.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	$8,500/Self Only $17,000/Self Plus One $17,000/Self and Family	The out-of-pocket limit, or catastrophic maximum, is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges, health care this plan doesn't cover, and penalties for failure to obtain preauthorization for services.	Even though you pay these expenses, they don't count toward the out–of–pocket limit.
Will you pay less if you use a network provider?	Yes. See provider.fepblue.org or call your local BCBS company for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
